Objective

Motivated and detail-oriented Information Technology student with strong interest in Data Analysis, Machine Learning, and AI-based applications. Seeking an opportunity to apply analytical and technical skills to solve real-world problems and grow professionally.

Education

Yadavrao Tasgaonkar Institute of Engineering & Technology Pursuing
Bachelor of Technology (B.Tech) in Information Technology
CGPA: 6.87 / 10.00

Dr. Babasaheb Ambedkar Technological University, Lonere 2020 – 2023
Diploma in Information Technology
CGPA: 7.30 / 10.00

Technical Skills

- Programming Languages: Python, SQL, C++
- Libraries & Tools: Pandas, NumPy, Scikit-learn, Power BI
- Technologies: Machine Learning, NLP, Data Analysis
- Tools: Git, Docker, LaTeX

Projects

Road Accident Analysis and Prediction using AI & ML

- Analyzed accident datasets to identify high-risk locations and patterns.
- Applied machine learning models to predict accident severity and trends.
- Performed data preprocessing, visualization, and model evaluation.

Online Job Portal using Django & Python

- Designed and developed a web-based job portal with authentication and job listings.
- Implemented backend logic using Django framework and database integration.
- Enabled job applications and basic admin management features.

Achievements

- Participated in Hackathon 2025, collaborating in a team to develop a problem-solving application within a limited timeframe.

Personal Details

Languages Known: English, Hindi, Marathi
